Gettysburg firemen will begin their annual solicitation for donations Monday evening at 6:30 o'clock, General Chairman Robert Hartman announced Tuesday evening at a meeting of the general committee for the 95th Anniversary at the engine house, E. Middle St.

Hartman urged all members of the fire department to turn out next week "so that we can complete the solicitation as quickly as possible." The solicitation will be conducted each evening, starting at 6:30, until the firemen have completed their calls to all homes in the town and the area surrounding the town served by the local firemen.

Solicitation of the business places of the town will begin "week after next" Paul B. Fox, chairman of that committee of the anniversary group, said.

### \$900 For Fireworks

William G. Weaver of the Special Events committee reported the Second Army Band will take part in the annual July 4th parade to be held as part of the anniversary program, and the U. S. Army Band Chorus will sing at the exercises Sunday, June 29, opening the weeklong battle anniversary celebration.

Donald McSherry, parade chairman, reported 30 units have so far signified their intention to participate in the July 4 parade. Some of the units include a band, marching unit and fire equipment as one group. So far eight bands and drum corps, about 25 fire departments, and a large number of floats and marching units are entered in the parade.

The committee voted to spend \$900 this year for fireworks in order to secure an even more impressive display for the anniversary week.

Announcement was made that footers for the 20 by 30 foot kitchen to be constructed at the Recreation Field for the festival there during the anniversary week were dug Tuesday and work will proceed today on the construction. The firemen, Chairman Hartman said, plan to construct a kitchen this year and will use a tent for the dining hall. "In the future a dining hall structure will be added to the kitchen at the Rec field."

Mrs. O. D. Montgomery, state program chairman, spoke on "Our Concern, Our Children in a Stratospheric World." She said that these words sound frightening to most people but not to PTA members. "PTA members feel that the responsibility of good education is for parents. Perhaps Sputnik is a blessing in disguise because it awoke our public to our educational needs. PTA can help the school administrators work out an educational program to show the general public our needs. PTA must be an active force in raising standards of education for all children. ## NEAR VERDICT IN FINAL CASE

An Adams County jury this afternoon is scheduled to bring in a verdict in the final trial for the May term of court.

Testimony in the case, an action in trespass brought by Joan, Jacob and Jean Honig, of Pittsburgh, against Donald J. Chamberlain and Virginia M. Myers, Gettysburg, began Tuesday morning and was completed late Tuesday afternoon.

This morning attorneys presented their arguments and the court gave its charge. The jury retired to the jury room at 11:25 o'clock to begin deliberations. Shortly after noon the jury recessed to a local restaurant for lunch and resumed deliberations upon its return about 1:30 o'clock.

Mr. and Mrs. Honig and their daughter, Joan, are seeking damages as a result of an auto accident on the Hanover Rd. in August, 1955, when a car owned by Miss Myers and operated by Chamberlain collided with the Honig car.

Testimony showed Mr. Honig was attempting a left turn into a side road preparatory to turning around, when his car was struck by a west-bound vehicle operated by Chamberlain. There was a variance in testimony as to the exact spot at which the accident occurred, Mr. Honig putting the impact when his car was almost off the Hanover Rd. and police and Chamberlain putting the impact nearer the center of the road.

## CONTINUE TALKS ON COUNTY HOME

The Adams County Commissioners are to meet this afternoon at 3:30 o'clock at the county home to continue discussions with the Advisory committee and the architect on proposed construction at the county home and proposed sale of county land.

The meeting follows a similar session last Wednesday at which Architect Paul Long of Starr and Long, Harrisburg, outlined on the site his proposals that a new one-story-high county home be constructed to replace the present county home structures.

Under the plan advanced by the architect, the new structure would be built in sections over a period of years, thus permitting the construction without the need of borrowing money, and at the same time providing for an orderly progression in the closing of the old buildings and the completion of the new ones until the work was completed.

Last Wednesday A. W. Butterfield, chairman of the advisory committee named by the commissioners to help them in the study of the county home plans, divided his committee of nine into groups to study specific phases of the county home "problem" this week and make suggestions today. One section studied building plans, the other plans for possible sale of much of the county home farm land.

In connection with the sale of the land, the commissioners today were scheduled to reach a decision on whether the county may be interested in selling to the federal government land along the Biglerville Rd. as a possible site for a new Army Reserve Training Center. The decision was being withheld until after the meeting with the Advisory committee.

## GET PLANS FOR NEW BRIDGE

Plans of the Adams County Commissioners to build a new bridge at the Reber's Mill site over the Conewago will provide a saving for the township supervisors there.

The plans, as approved by the commissioners at their meeting this morning in the court house, call for the new bridge to replace both a covered wooden bridge spanning the south branch of the Conewago about a mile south of Brushstown, plus a township bridge spanning a tributary of Conewago Creek nearby.

According to the construction drawings presented by West and Wells, the consulting bridge engineers, a reinforced concrete bridge, with two spans of 52 feet each, will replace the present 74-foot covered bridge and the 20-foot township span.

The plan calls for doing away with the need for the small bridge by relocating the creek channels and constructing one concrete bridge large enough to carry the flow of both channels.

The commissioners said bids will be asked for the work as soon as the final contract documents are prepared by the engineers.

and their executive committees to review the findings of all whose opinions we had received.

"We were hopeful that we could find a successful businessman who was well versed with the essential needs of this great state to lead us to victory, to unite our party and to show the way to prosperity in future years."

"This Is It"

"We turned to every Republican organization in the state for advice and opinions, the young Republicans, men and women, the adult groups, and we asked how we could strengthen our party. We told them of our 1954 failures and said it did not want to repeat them."

"We asked hundreds of GOP leaders: 'What are the people in your county thinking about?' and from all these expressions, those conferences and regional meetings we had a strong nucleus for a good ticket. We informed every chairman of the expressions of others and asked for comment and we kept a complete record of all of our findings. Then we went to the steering committee of the state organization and presented our reports."

"After considerable deliberation our advisers asked: 'What could be fairer? Here are the opinions of our own people, the people of Pennsylvania. We have the best candidates we can find. This is it. "Vote Republican!"

"And so we came up with our candidates whom we believe have the experience, the knowledge, the ability and the qualifications to lead us to victory next Tuesday and then next November."

Bloom pleads with his audience to "get out the vote and work earnestly and diligently for a good primary vote."

He closed his talk with a brief reference to his parents who "as immigrants came to this country, the land of hope of freedom and the American way of life. Here they became good citizens, earned the respect of their neighbors and associates. It is this kind of life, the American way of life, that they sought and found. It is this same American way of life that we Republicans want to preserve for all time."

"Vote Republican and help preserve this heritage."

## Littlestown STUDENT FROM SPAIN SPEAKS TO ROTARIANS

Jose Maria LaCabra, a student at Gettysburg College whose home is in Madrid, Spain, spoke to the Littlestown Rotary Club at its weekly meeting Tuesday evening about his native country. He spoke briefly on the history of Spain and its ethnological groups, and told of false impressions that Americans have of Spain.

The speaker told of the persecution of religion, the burning of churches and the slaughter of priests and nuns under the Communist government of the '30's, and that the people rallied behind Franco to be delivered from these excesses. He said that Franco is preparing a regency to take over the government.

The country is basically agricultural, he said, but there are several industrial regions. The people are very hospitable to foreigners. The big meal of the day is at 2:30 p.m., and the last meal at 10 p.m. A two-hour period for the noon-day meal is taken.

He said that in the United States the educational system stresses about equally the social and the intellectual side, but in Spain and in Europe generally only the intellectual side is stressed and there are no physical education classes. The high school students attend classes from 8 a.m. to 1 p.m., and from 3:30 p.m. to 7 p.m. Soccer is the principal sport, and not bullfighting, as some believe, he added.

## Club Leads In Contest

The speaker was introduced by Robert Snyder, chairman of the International Service committee, which was in charge of the meeting.

President A. G. Ealy announced that Littlestown stood first in attendance last month, with an average of 98, as compared with the district average of 87. The local club's average for the year so far is 97.

Next week's meeting will be in charge of the Membership and Classification committee. On May 27 Ladies' Night will be observed with the Program committee in charge. Dinner will be served at 6:30 p.m. in Redeemer's Church social hall.

Miss Elizabeth Anne Crouse, daughter of Mr. and Mrs. Lloyd E. Crouse, Littlestown, has been initiated into Pi Gamma Alpha, the art honorary fraternity at the Pennsylvania State University.

Miss Crouse, who is a junior majoring in commercial art, is also a member of Phi Mu, national social sorority, and Gamma Sigma Sigma, national service sorority.

## LARSEN BEATS ORIOLES WITH 2ND SHUTOUT

By THE ASSOCIATED PRESS

Time was when those New York Yankees kept padding their American League lead with power at the plate. Now they're doing it with pitching.

The Yankee staff leads the majors with five shutouts and Don (perfect game) Larsen has two of them, pushing his scoreless inning string to 29 Tuesday night with a four-hitter that beat the Baltimore Orioles 3-0.

That put New York three games ahead of second place Washington, beaten 9-6 by Boston. Detroit moved within .004 percentage of the third place Orioles with an 11-1 job on Cleveland, and the Chicago White Sox defeated Kansas City 9-2.

**Wasn't A Breeze**  
Larsen had been idled since April 21 by shoulder trouble and rain.

The big right-hander, whose perfect game in the 1956 World Series, ended a shutout duel with Connie Johnson (1-3) with his second home run of the season, 10th in the majors, in the fifth inning. Larsen, 2-for-2 at bat, walked ahead of Hank Bauer's two-run double in the seventh.

It was Larsen's sixth straight over the Orioles, but it wasn't a breeze. He walked four, had to work out of a bases-loaded jam in the first and a two-on, none out fix in the fifth.

Jackie Jensen smacked a grand slam homer and drove in five runs for Boston as the Red Sox won their second in eight games with the Senators this season. Pete Ramos, who had beaten the Sox twice, lost his second. Rookie Bob (Riverboat) Smith won his second, but needed relief in the ninth after a two-run homer by Niel Chrisley.

Charlie Maxwell and Lou Skizas each hit two-run homers for the Tigers, who broke a 1-1 tie with four doubles in a four-run fourth that handed rookie Jim (Mudcat) Grant his second straight defeat. Frank Lary won his third in a row. He gave up seven hits — one Roger Maris' game-opening homer.

The White Sox were out-hit 9-8, but twice scored without a hit after Al Smith's two-run homer junked a tie in the third. Early Wynn won his third.

## Today's Talk

TODAY — NOT TOMORROW

Time and again I have turned my thoughts back to a small autobiographical book, which seemed a hobby with the youngsters of my time, and of course the most important person was my teacher. I asked her to write something in the book and sign it, which she did, and this is what she wrote: "This day will never dawn again."

I find that each year adds significance to that single line of thought. Why should we rob days, not yet born, of their great possibilities? Think of the energy lost through worry, and the contentment that might have been ours if we had let Nature take its course, and cleaned up the day we had in which to pour richness and usefulness. Life at its fullest is very short. It's long enough, however, to do some special kindness each day of our lives, for these days that are ours right now may not be around tomorrow.

This one day may have lost its opportunity to become immortal! This day will never dawn again. Think this truth over, and realize the priceless nature of this one day. There have been single days in history that have become tremendously eventful. We can't even measure, adequately, the value of influence for a single day! Something within us is forever being radiated — to directions, and to people without — our knowledge. There is substance to every thought we have. We have to great many selves, and these we rent out, but at no price save that of good will and friendliness. How wonderful it is to have friends that migrate into every day that God loans to us! How notable all days may become!

Tomorrow Mr. Adams will talk on the subject: "Hats or No Hats?" Protected, 1958, by The George Matthews Adams Service

## Just Folks

**THE BALD-HEAD**  
I'm sorry for the bald-head man; My sympathies are all with him. He's built on a good-natured plan Or surely would be something grim.

The jests that people fling his way It seems to me must make him sore, Yet he must act like day to day As though they ne'er were sprung before.

I'm sure the bald of head must live In constant terror and in dread That some sharp wit is going to give A new joke on his shiny head, And spring upon his lack of hair A gag he's never heard before; And when it happens, then and there The shock will tell him to the floor.

## Thursday's Game

Big Spring at Fairfield.

Don Peeser's Littlestown High School baseball team, trailing 10-5 going into the final inning, tallied six times in the top of the seventh to nip Big Spring 11-10 at Newville Tuesday to go into a tie for first place with Biglerville for first place in the Adams County League.

George Inskip, Fairfield, league president, said today that no plans have been made to stage a playoff for the regular title. There is only one remaining game, Big Spring at Fairfield on Thursday, and a win for Fairfield could create a tie for fourth place. ## Bullets Take 15-11 Extra Inning Verdict At Lehigh; Host Bucknell On Thursday

In a wild and wooly game which required 10 innings and 4:25 hours to play, the Gettysburg College baseball team scored seven runs in the top of the 10th to defeat Lehigh 15-11 at Bethlehem Tuesday afternoon.

Trailing going into the ninth 7-6, the Bullets scored twice for a 8-7 lead. Frank Capitani homered over the right-center screen to knot the count. A walk, followed by singles by Larry Lidel and Harry Binger, produced the other run.

Lehigh tied the score with a run in the last of the ninth. Fred Homsher singled, advanced on a wild pitch, and raced home on Steve Halperin's double.

**Seven Runs, One Hit**  
The Bullets broke the game wide apart in the 10th with seven runs on but one hit. Jeff Kahler's single was the only safety. Seven walks and a hit batsmen were the big factors in the rally.

Lehigh came right back with three runs on four singles and two walks before Jack McCracken, who had relieved started Dick Hawkins earlier in the game, fanned three batters with the bases loaded.

The Bullets, now sporting an enviable 10-3 record, meet Bucknell here Thursday afternoon at 3 o'clock in the final home game of the season.

Free swinging Dave Mann again is the player to be reckoned with at Reading.

Mann hit 19 triples last season when he averaged .320 to pace the Indians to their third place regular season finish and victory in the Eastern League playoff.

Mann homered, tripled, doubled and hit two singles Tuesday to drive in four runs last night while the Indians crushed Southern Division-leading York 20-5 at York.

The Indian victory snapped an eight-game White Roses winning streak.

Paul Jones joined Mann with a homer, triple, double and single to bat across five runs.

Elsewhere, Springfield ended Williamsport's six-game victory string 8-6 at Springfield; Lancaster defeated Allentown with two runs in the ninth, 6-5, at Allentown; and Binghamton scored three runs in the ninth to defeat Albany 7-4 at Albany.

## FAST TRACK IS EXPECTED FOR \$100,000 RACE

BALTIMORE (AP) — Silky Sullivan and other losers excused in the Kentucky Derby because of mud will find the Pimlico track condition no bar to winning the \$100,000-added Preakness, according to today's weather outlook.

Except for a slight chance of showers on Friday, which wouldn't effect the track noticeably, there is no rain in sight before the 82nd Preakness goes off at 4:45 p.m. EST on Saturday. The track has been sunning out all week.

The footing for the mile and three-sixteenths classic for 3-year-olds has been a prevailing source of worry to the bulk of the prospective 11 starters.

**Other Apologies**  
The stunning 12th place finish of the loudly proclaimed Silky Sullivan in the Derby was attributed to dislike for the slop.

Apologies also were made in behalf of Nouredin, Jewel's Reward, Chance II Tony and Gone Fish and they're all coming back in the Preakness for a true test.

They'll find Calumet's Tim Tam ready and waiting. He came from behind to whip Sunny Blue Farm's Lincoln Road by half a length in the Derby.

The seven colts from the Derby are expected to be joined by Ada L. Rice's Talent Slow, Edward J. Porter's Pilon, Powhatan Stable's Michore and Christiana Stable's Slayall in the Preakness entry box on Friday.

Green told police he returned to his home at 9419 Pine St. Monday night and found the rear kitchen door open. He shut it then went to bed.

## Waynesboro And D-son Trackmen Here Thursday

Track fans will have two home meets offered them Thursday afternoon.

Gettysburg High rings down the curtain on its season by meeting Waynesboro in a dual meet at 3:30. Waynesboro finished third in the South Penn Conference meet as compared to the fifth place finish of the Warriors and must be rated as the favorite on Thursday.

At 3 o'clock Jack Ridinger's Gettysburg College squad, 3-0 in dual competition, meets undefeated Dickinson. The Red Devils won eight straight triumphs, including the Little Three meet in which the Bullets finished second, F. and M. trailing.

**MOUNT TAKES FINAL GAME**  
A four-run third inning enabled Mt. St. Mary's to wind up its baseball season successfully Tuesday afternoon at Emmitsburg as the Mountaineers topped Catholic University 7-2.

Coach Jim Phelan's outfit recorded an overall 5-6 record.

A walk, a double and three throwing errors by Shortstop Mike Calanari gave the Mount its big inning. Joe Starke went the route on the mound for the winners and allowed but three hits.

## 28 PLAYERS IN MAJORS TO GET PAPERS TODAY

By ED CORRIGAN  
Associated Press Sports Writer  
The witching hour for some 28 major league baseball players comes at midnight tonight.

At that time, they'll be transformed into minor leaguers or they'll have no jobs at all.

This is cutdown day and by the time the clock strikes midnight all 16 major league clubs must get within the 25-player limit. They are permitted to carry 30 players for the first month of the season.

The 25 - player limit, however, doesn't apply to those on the service roll who have just returned from the armed forces.

Only one team, the Baltimore Orioles, is down to size. All the others must do some trimming.

**Eye Champions**  
At last count, there were 15 excess players in the National League and 13 in the American League.

Most of the interest, of course, concerns those who will get the ax on the world champion Milwaukee Braves and the American League champion New York Yankees.

The Braves must cut three and the chances are that pitchers Humberto Robinson and Don Kaiser will go. Robinson has pitched only one inning this season and Kaiser has yet to get into a game.

The third man to be cut could be outfielder Harry Hanebrink, who has been filling in for the injured Wes Covington and Bob Hazle. But Covington is back and Hazle is about ready again.

**Slaughter May Go**  
As for the Yanks, they, too, must get rid of three players and it appears this is the end of the trail for 42-year-old Enos (Country) Slaughter, a 20-year veteran of the majors.

The old warrior, who dates back to the Gas House Gang of St. Louis Cardinals, Slaughter has been used only in a couple of pinch hitting roles.

Also slated to be chopped is young infielder Fritz Bricknell, who has been retained only because of injuries to Tony Kubek and Jerry Lumpe. He's a corner, but the brass decided he'd learn more playing regularly than sitting on the Yank bench.

## Bring Confusion Out Of Chaos On Names Of Fishes

By DION HENDERSON  
Associated Press Staff Writer  
After 25 years of trying to establish and put into general usage the common names of fish, the experts may now fairly be said to have brought confusion out of chaos.

That is to say, there is an authority that can be consulted if the boys in the backroom can find it when the argument between a Yankee and a Texan waxes like the Gulf Coast in hurricane weather over what is a trout and what is a bass.

As a matter of fact, the authority has been in the process of being established for some 10 years, it having taken only 15 years before that for a majority of the experts to agree on a majority of common names.

25-Year Job  
The American Fisheries Society formed a committee in 1933 to "prepare and submit for publication a list of common names of fishes corresponding to the accepted scientific names."

In all, 605 fisheries were considered for the list, of which 35 were eliminated as of insufficient interest. Of the remaining 570, there was unanimous agreement on 245 species, while 291 were approved by a two-thirds vote. The remaining 34 squeaked through on the basis of a plurality.

By 1948, the society put out the bulletin listing what it considers accepted names. In the decade since, experts by and large find themselves going along with it. Sportsmen? Well—

It may be just as well to remember that the trout by any other

## NEGRO HELD FOR FATAL SHOOTING

CHAMBERSBURG, Pa. (AP)—Isaiah Oliver Brown, 56, Fayetteville R. D., was being held in the Franklin County jail today on a charge of murder in the death of Albert Brown, 46, also Fayetteville R. D., last Saturday.

The older Brown, whom state police said was not closely related to the victim, waived preliminary hearing before Justice of the Peace Shirley J. Zarger, Chambersburg R. 1, on Monday and was remanded to the county jail without bond for court.

He had been held since late Saturday after the victim was found shot in the neck in a shack in the Brownville Settlement near Fayetteville. State police said the shooting followed an afternoon of drinking and arguing involving Isaiah Brown, his brother, Raymond, and the victim, all Negroes. Raymond Brown was released Monday night after questioning.

WASHINGTON (AP)—Three senior Republican members said today they think the House Armed Services Committee will produce a defense reorganization bill President Eisenhower can accept.

"I think so, I certainly hope so," said Rep. Leslie C. Arends of Illinois, House Republican whip and senior minority member of the committee.

Building trades craftsmen who construct and repair homes, factories, highways and other structures are the largest group of skilled workers in the country, reports the U. S. Department of Labor.

## HOOFERS WILL HOLD REUNION

WILLIAMSPORT, Md. (AP)—Some of the boys who hoofed it up along the Chesapeake and Ohio Canal towpath four years ago will get together here Friday and Saturday for their annual reunion.

Supreme Court Justice William O. Douglas, who led the 186-mile hike from Cumberland to Washington in 1954, will be here with 200 other nature lovers from Washington and nearby Maryland points.

They will hike only 15 miles this year from dam No. 4, about 15 miles south of Williamsport, into the city as part of the campaign to save the old canal as a natural beauty spot.

Speakers at the Saturday banquet will include Douglas, Sen. Richard L. Neuberger (D-Ore), Rep. John Blatnik (D-Minn.) and Conrad I. Wirth, director of the National Park Service.

## News Briefs

HARRISBURG (AP)—Five area men received sentences ranging up to 15 years Monday for a series of burglaries in this area.

Given 7½ to 15 year sentences were Frank George Sukie, 22, Frank James Toth, 23, and Joseph Francis Nazay, 23. Charles Albert Lanza Jr., 22, and James William Diller, 26, received sentences of from 3½ to 7 years. Lanza also was fined \$100 or given 10 days in prison on a lottery charge.

BAGHDAD, Iraq (AP)—King Hussein of Jordan flew to Baghdad Tuesday to seal the merger of his country in the Arab Federation with Iraq, a nation ruled by his cousin, King Faisal.

The two young monarchs will decide on a federal government which will take responsibility for defense, foreign affairs, national economy and finance.

Iraq and Jordan decided to federate shortly after Syria and Egypt merged in the United Arab Republic.

DALLAS (AP)—Floods from rains measuring up to 10 inches drained from the streets of Clarendon, 50 miles southeast of Amarillo, in the Panhandle Tuesday after chasing 15 families from low homes in the north section.

Residents warily watched the cloudy skies as weathermen predicted fresh rains might come late in the day.

Thunderstorms that battered west Texas late Monday drifted eastward, leaving hard rains at San Angelo, Abilene and Junction.

AMMAN, Jordan (AP)—King Hussein Tuesday pledged Jordan's support to the Lebanese government in its crisis, which he described

## CRITIC LAUDS THE 'VERDICT IS YOURS' ON TV

By CHARLES MERCER  
NEW YORK (AP)—It would be interesting to hear the verdict of the night-time viewing audience if CBS-TV could find a regular nightly spot for "The Verdict Is Yours."

We believe the viewing jury would applaud this excellent program vigorously. "The Verdict Is Yours" (Monday-Fridays, 3:30 p. m., EDT) is a novelty on television—or anywhere else. It is a series of courtroom dramas without scripts. Nobody knows how a case will end, until a jury selected from the audience renders its decision.

Its writers conceive a dramatic situation, delineate the background of the characters involved, and give a general notion of the type of examination and cross-examination each will undergo. From there on it's up to the actors.

Calls For Special Talent  
"It calls for a special type of talent in an actor," says Eugene Burr, producer of the program. "We've rejected some excellent actors and actresses simply because they lacked the ability to ad lib. They must, to a large degree, create the characters themselves."

The other day we were amused into a casting session for "The Fisher Case," which will run for a week beginning May 21. "The Fisher Case" involves a fellow accused of leaving the scene of an auto accident—but, believe us, that's only the beginning of the troubles in store for him.

While Burr and his staff study the candidate impassively, an actual lawyer, Robert Simon, grills the witness.

Before leaving his capital for Baghdad, Hussein messaged his assurances of support to President Camille Chamoun of Lebanon.

PHILADELPHIA (AP)—The current recession is continuing "at an alarming accelerated rate" and makes a profit this year extremely doubtful, the president of the nation's largest railroad said Tuesday.

President James M. Symes of the Pennsylvania Railroad told the annual stockholders meeting: "Business continues at a very low ebb, presently running about 22 per cent behind a year ago, and there is no real indication of any substantial pickup in the immediate future—certainly not before next fall."

## 2 Boys Shoot At Landing Airplane

DULUTH, Minn. (AP)—A .22 caliber rifle bullet fired by a teenager struck a landing North Central Airlines DC3 Monday.

Sheriff's deputies said one of two boys, 15 and 17, shot at the plane as a prank. No charges have been filed. The boys were released in custody of their parents.

Donald Mercer of Minneapolis, the pilot, was bringing in the two-engine ship from Sault Ste. Marie, Mich., for a landing at Duluth with four passengers and a three-member crew.

The bullet ripped through the undercarriage and imbedded in padding beneath the pilot's seat.

Actor A for the role of Fisher acted guilty as a homemade sin under Simon's questioning. It was, obviously, the way he conceived of the character. He writhed in torment and wore a haunted expression that made us suffer with him.

Actor B for the same role acted pure as the driven snow. Here, surely, was a young fellow you'd welcome in the family. He drove back hard at the attorney—and departed with the grave mien of a man going to church.

Actress A for the role of Susan Asbury—a gorgeous husky type—was as pretty as a picture. She was also, unfortunately, nearly as lifeless.

Actress B for the role was a slender, attractive blonde with a vivid imagination who rocked the examining attorney a couple of times with baffling details. The one trouble was that she simply seemed too nice a girl.

Actress C was a most convincing lush blonde.

## FURMAN HITS CARPETBAGGERS IN GOVERNMENT

HARRISBURG (AP)—The issue of "carpetbaggers" was brought in to the Democratic primary campaign today.

Gov. Roy E. Furman released a list of 314 persons on the state payroll and said they were all from out-of-state. Their collective salaries, he added, amounts to a "staggering 1½ million dollars annually."

Furman, who is bucking the Democratic organization in his bid for the gubernatorial nomination, attacked the administration of Gov. Leader for hiring out-of-state personnel for state jobs. He used the term "carpetbaggers" in referring to Leader's hiring policies, and said that while people from other states are hired, Pennsylvanians remain unemployed.

Will Fire 'Em All  
Furman said if he is elected he will fire all non-Pennsylvanians on the state payroll.

The organization candidates split their campaign today. Leader, who is running for U. S. Senator, going to Donora and Pittsburgh,

Mayor David L. Lawrence, gubernatorial candidate, and Miss Genevieve Blatt, candidate for re-election as state secretary of internal affairs, campaigning in Norris-town.

Furman concluded a three-day tour of Philadelphia.

Leader Claims Gains  
Both Leader and Lawrence spoke at a rally here last night. Leader claimed Pennsylvania made its greatest educational gains in a generation during his administration. It could have done better, he added, except for a hostile, Republican-controlled legislature.

He charged the Republican legislators "deliberately sabotaged

our higher education program and wasted two precious years that never can be regained."

Lawrence told the same rally that he would continue the "same standards of good government" started by the Leader administration.

He said there was still work to be done and added solutions must be found to problems such as declining employment.

"We must adjust our economy, broaden it, give it new life and new substance to create new job opportunities," he said. "Pennsylvania can and must be first among the states of our country in every aspect of its life."

Here's why Plymouth, America's favorite family wagon, is

## TODAY'S BEST BUY-TOMORROW'S BEST TRADE

You get more wagon for your money today...more money for your wagon tomorrow!

Any way you look at it, you can't find a better wagon buy than Plymouth! So big—it carries more, does more, provides more room for family fun. So beautiful—just look at those long, year-ahead lines. So economical—Plymouth is priced right in the low-price "3", yet you can't buy a bigger wagon at any price. And further proof: Plymouth beat every car in the low-price class in the 1958 Mobilgas Economy Run; Plymouth's second consecutive victory!

Get the biggest wagonload of value at a price far lower than you would expect. See your Plymouth dealer today.

## FIVE BIG REASONS WHY YOUR NEXT WAGON SHOULD BE A PLYMOUTH

- Biggest of the low-price "3".** Big as wagons costing thousands of dollars more. You can't buy a bigger wagon at any price!
- Holds so much more than the "other two".** Over 7 cu. ft. extra passenger and cargo space. Optional "secret" luggage compartment available in 6-passenger models.
- Rear-facing 3rd seat.** Folds flush into floor. You don't store it outside when it's not in use. Easy to enter, has convenient back step.
- Disappearing rear window.** Rolls down into the one-piece tailgate. Doesn't jut out. Only on Plymouth wagons in the low-price "3".
- Torsion-Aire Ride at no extra cost.** Only Plymouth has it in the low-price "3". No sideways on turns...no nose-dive on stops.

They don't come any bigger than *Plymouth* station wagons

Complete the circle of safety...check your car...check your driving...check accidents

## World News In Brief

**WARSAW (AP)—**The Soviet Union has run into trouble trying to launch a third Sputnik, a top Soviet scientist hinted Monday night.

Prof. Yuri A. Pobedonostsev said preparations for putting up a new Sputnik were nearing completion.

He was asked by a Polish newsman whether Soviet scientists ran into some kind of failure during launching attempts similar to the mishaps experienced by American rocket experts.

**NAPLES, Italy (AP)—**The new U.S. destroyer Blandy headed home Tuesday, her flag at half mast and the body of an unknown American soldier from World War II aboard.

The destroyer has a rendezvous off Norfolk, Va., with the missile carrier Boston, bringing the body of another unknown American World War II soldier from the Pacific.

One of the two will be buried in Arlington National Cemetery beside the body of America's unknown Soldier of World War I. The other will be buried at sea.

The flag-draped casket of the soldier from the European Theater of Operations was chosen from among 13 Monday at the military cemetery at Epinal, and was flown here.

**MANCHESTER, England (AP)—**Britain's biggest consignment of Salk vaccine from the United States arrived by special plane Tuesday to speed this country's fight against polio. The government is to wipe out the backlog waiting for inoculations before the summer peak-infection months. The consignment will be enough for two million injections.

**MONTREAL (AP)—**Courts in both east and west Canada dealt a sharp blow Monday night to the firemen's strike against the Canadian Pacific Railroad.

Most damaging was an injunction by British Columbia's Supreme Court ordering firemen to stop picketing all CPR operations in the far western province.

The British Columbia court also issued an order forbidding firemen from trying to persuade other CPR employees to walk off their jobs in violation of their union contracts. Similar injunctions were ordered by courts in Sud-

**bury, Ont., and Moose Jaw, Sask.** The Brotherhood of Locomotive Firemen and Engineers called the walkout Sunday in an effort to halt the railroad's plan to remove firemen gradually from diesel freight and yard engines. The dispute is being closely watched by U.S. lines which also have switched to oil-burning diesels and claim they no longer need coal-shoveling firemen.

The strike involves some 3,000 firemen.

**SANTIAGO, Chile (AP)—**Chile has conditionally accepted President Eisenhower's invitation to a conference to write a pact keeping Antarctica a neutral preserve for peaceful scientific research, a government source said Monday night.

Japan and South Africa earlier accepted the U.S. invitation to 11 nations, including Russia, for discussions of a pact.

**LONDON (AP)—**British and Malayan officials began work Tuesday on the final draft of a new constitution for Singapore. They expect to complete the work by the middle of next week.

The constitution will give Britain's island colony full internal self-government. The British and Singapore governments will decide the date it will become effective.

**LONDON (AP)—**Moscow radio said Tuesday a Soviet scientific expedition has found a vast mountain range on the bed of the Pacific between Antarctica and South Africa.

**NIAGARA FALLS, N. Y. (AP)—**Mad Bear Anderson, leader of the fight to keep the Niagara power project off the Tuscawara Indian reservation was helping build the project today.

Anderson is working as a laborer for Merritt-Chapman & Scott, the largest contractor on the \$625,000 project. He put in his first day Monday at the top of the Niagara gorge, about a mile from the reservation.

The 32-year-old Tuscawara, leader of the young braves in the

## GOT MINK COAT FOR PRESENTING PAL TO ACTRESS

**HOLLYWOOD (AP)—**Did Zsa Zsa Gabor get a costly fur coat from Gen. Rafael Trujillo Jr. for introducing him to Kim Novak?

She has the coat — and Trujillo, son of the strong man of the Dominican Republic, admits he gave it to her. But he didn't say why.

"I introduced Kim to him," Zsa Zsa told a reporter, "and I arranged for him to take her to several parties."

"He is my dearest friend and very grateful."

Trujillo, recuperating in a rented mansion in Beverly Hills following surgery, Monday added further confusion to the matter. He wouldn't come to the phone. But he told his secretary to tell a newsman that the coat wasn't chinchilla, as earlier reported.

**It Was A Mink Coat**

It was mink, said the secretary. He said it didn't cost the \$17,000 price quoted for it.

Blonde actress Kim Novak said Trujillo left a sports car with her — a sleek \$8,400 model — but said she thought it was a loan. A studio spokesman said she insists she isn't keeping it.

Kim and Trujillo have been seen together frequently in Hollywood since Easter. Trujillo, head of his country's air force, came to the United States to attend the U.S. Army Command and General Staff College at Ft. Leavenworth, Kan.

**Seek U.S. Aid**

He left there on medical leave and underwent an operation at a hospital here for adenoids and a sinus condition. He is due back at Ft. Leavenworth later this month.

His lavish gifts drew criticism in Washington, D. C., from congressmen. Rep. Wayne Hays (D-Ohio) estimated that \$1,300,000 will go to Trujillo's country if Congress passes the proposed

tribe, headed the battle to keep surveys for the state power authority off the land. He called off the campaign last week when federal agents threatened contempt of court citations.

The state has appropriated 1,343 acres of the Tuscawara reservation, for part of the reservoir. The Indians have won a federal court order temporarily keeping the state from taking the land, pending a final decision. The order, however, permits surveying.

Mad Bear said Monday night he had buried the hatchet with the state power authority, but added: "It's not buried so deep it can't be dug up again."

## Surgery Patient Is Able To Walk

**NEW YORK (AP)—**The 3-year-old Chinese girl whose chest was laid open for a televised heart operation just a week ago was given permission Tuesday to walk around the hospital.

Little Mabel Chin was in "good spirits", a University Hospital spokesman said, and recovering from her operation to correct a duct defect.

Television viewers in the metropolitan New York area peeked over the shoulder of her surgeon last Tuesday night.

She is expected to be well enough to go home in two or three days.

## MAYOR ROUSED BY INTRUDER

**PHILADELPHIA (AP)—**An intruder awakened Mayor and Mrs. Richardson Dilworth early Tuesday in their home.

Dilworth said the man rang the front doorbell of his Washington Square home about 1 a.m. When he and Mrs. Dilworth came downstairs the man was at the rear door.

Mrs. Dilworth let the stranger in. He said he had seen a man climbing over the back fence to the Dilworth property. The fence is seven feet high, topped by strands of barbed wire that make its height 10 feet.

The stranger said he had hauled the man off the fence and then was struck by a flashlight the intruder was carrying. He said the man dropped the flashlight and he picked it up.

With that explanation, the stranger put down the flashlight, walked to the front door of the Dilworth home and let himself out.

Police were called but could find no trace of anyone. After examining the rear fence they said there was no indication anyone had tried to climb it.

## SET FLIGHT RECORD

**LONDON (AP)—**A British Comet airliner flew the Atlantic from Gander, Newfoundland, to London Airport Tuesday in 4 hours 33 minutes.

British Overseas Airways claimed it was the fastest crossing ever made by a civil aircraft. Average speed for the 2,400-mile flight was 530 m.p.h.

The Comet was on a training flight before its introduction later this year of Comet IVs on the Atlantic run.

About \$500,000 is being spent for a new road from Dawson, on the Canadian border of Alaska, to Clinton Creek, near the Arctic where base metals and asbestos deposits have been discovered.

## STUDY WAYS TO CUT COSTS ON HATCHED TROUT

By BILL GIBSON  
HARRISBURG (AP)—Methods of increasing the survival rate of hatchery-reared trout and ways of cutting the cost of the stream-stocking operation are now under study by the State Fish Commission.

One of the chief projects under consideration by the department is preparing the hatchery-reared trout to overcome natural hazards so they can survive after being put into creeks.

Bob Glover, chief of conservation education, said surveys have not definitely established how many of the trout are killed by the transfer to cold rapid streams.

Not Sure On Survival  
"We don't know definitely what percentage survives," he said, "we only know there is a tremendous loss of hatchery-reared trout" when streams are stocked too early in the spring.

Some of the trout taken from the hatchery ponds apparently are unable to adapt to the colder, swift water, Glover said. Another factor which cuts the survival rate, he said, is the difficulty of looking for natural food in the swift streams after virtually having food brought on a platter in the comparatively warm, still ponds of the hatchery.

"On the basis of our own experiments and the experiments of others better trout (more able to survive) can be produced in raceways" instead of the present ponds, Glover stated.

Better Educated  
"Ponds can rear more trout," he said, "but there appears to be better conversion from the hatchery to stream from trout reared in flowing water. When the water is flowing and the food is moving, the fish become better educated to taking food on the fly and are

## STARKWEATHER DEFENSE OPENS

LINCOLN, Neb. (AP)—The defense today begins presenting testimony in support of the insanity plea entered for Charles Starkweather, former garbage collector who admitted involvement in 11 slayings.

Starkweather, 19, is being tried for the shooting of Robert Jensen, 17, Bennet, Neb., high school student who offered the defendant help when Starkweather's car got stuck on a rural road.

In closing its case Tuesday the state presented part of a 21-page statement Starkweather gave in detailing the 11 slayings. County Atty. Elmer Scheele confined his reading to the part dealing with Jensen's death.

## UAW Returns Today To Bargaining Talk

DETROIT (AP)—The United Auto Workers Union returns to the bargaining table with the automotive big three today after getting a resounding unanimous "no" to a UAW proposal that contract differences be arbitrated.

It was the second setback in a month for Walter Reuther's UAW. The big three on April 28 rejected rent contracts for three months.

The three-year contract with General Motors expires May 29. Similar contracts with Chrysler and Ford run out June 1.

There was no immediate comment from UAW President Reuther on the rejection of the arbitration proposal he put forth Saturday.

better able to adapt from hatchery food to natural food."

## FATHER OF TWO FACES 7 COUNTS SHOOTING SPREE

TRENTON, N. J. (AP)—Louis Felipe Marrero, charged with staging a wild shooting spree at a Roman Catholic convent, will be arraigned in Superior Court Thursday on indictments that could send him to prison for 52 years.

A Mercer County grand jury returned the indictments Tuesday charging the 24-year-old father of two with seven counts of atrocious assault in the shooting of three nuns, three policemen and a bystander.

Marrero also was indicted on one count of larceny in the theft of a rowboat he used to get across the Delaware River before surrendering to a guard at the Fairless Works of U. S. Steel in Pennsylvania.

Grudge Against Church  
Marrero, who has been quoted as saying he had a grudge against the church and wanted to scare or kill some nuns and priests, went wild with a 12-gauge shotgun at St. Joachim's Convent and school April 19.

He first wounded the three nuns and then fired several shotgun blasts before slipping away to the river, police said.

One of the nuns has been released from the hospital and the

others are reported progressing satisfactorily. None of the men was badly hurt.

## ADMITS ARSON, MURDER COUNT

TRENTON, N. J. (AP)—A Trenton police detective says Elber Cooper Lucas confessed three times to setting the 1956 St. Mary's Cathedral fire in which a priest and two women died.

Detective Sgt. Robert Bradley told a jury at Lucas' trial for arson and murder Tuesday that the 41-year-old Florence handyman told the same story three times.

He quoted him as saying before breaking into tears, "Yes, I started the fire. I'm sorry. I didn't know anyone lived there."

Bradley said police deliberately tried to mislead Lucas by saying things that were not accurate, but he always stuck to the actual happenings.
